

HARMONY DAY 2020 ONLINE!

.stay home.

For my Harmony Day project my Aunt and I decided to cook a traditional dish that represents our Polish background. The meal we made is professionally called 'polish gnocchi' or my great grandmother liked to call it 'horses hooves'.

These are the ingredients used and the step by step instructional guide to cook it. Also **WASH YOUR HANDS!**

Ingredients = bacon, onions, potatoes, flour. :)

- 1) Peel potatoes then mash them so there are no lumps. Then add one egg to the mix.

2) Add flour to the potato and then gather and form a ball.
(this can get messy)

3) Roll the now dough into strips and cut them into small squares.

4) Fry the squares until nicely cooked.

5) Cut up bacon into small squares and fry.

6) Chop onion into tiny slices, fry them and then add all the bacon and onions to the potato squares.

Finished product.
