RE: Eye-Exams for Children at School

Dear Parent / Guardian,

Peoples Healthcare Services Australia has partnered with us to bring its fully equipped Mobile Optometry Clinic and AHPRA registered optometrists to our school to conduct eye check-ups from *11th June 2019 – 14th June 2019*.

The comprehensive eye check-up program is bulked billed (no-gap) to Medicare.

- Eye chart exam
- Internal and external eye examination
- Clarity of vision
- Eyes Cooperation and Retina Testing
- A thorough case history
- Testing report sent out to parents

Early eye-examinations are extremely important. It can help detect and correct serious eye conditions before they become permanent. In school aged children it is also important to ensure your child has the correct visual aids such as glasses or contacts if they need it, or they may fall behind in school or act out due to headaches and problems focusing.

If you would like your child to undertake this great service at our school, please consent using the online link provided <https://www.peopleshealthcare.com.au/parental-cons...>

If you are unable to consent online, please have your child see Mrs Owston for a hard copy of the consent form. This will need to be signed and return to the school office by *10th May, 2019*.

Please note that all registrations must be completed by 10th May, 2019.

Kind Regards,

Rebecca Owston
