

After such a great response to our webinar series this year, eSafety is pleased to announce a new and expanded program in 2022.

Our free webinars are designed to give parents and carers the knowledge, skills and tools to support their children to have a safe and positive experience online.

eSafety's live webinars for parents and carers attracted record attendance numbers in 2021. To meet this growing demand, eSafety's education and training team has broadened the program to include more dates and topics to support school communities.

How to join

All the dates and the full topic schedule is attached and available on the [eSafety website](#). Promotional flyers with details and registration links are also attached to this letter.

Please share this information with your parent and carer community. You are also welcome to subscribe to [eSafetyNews](#) to receive reminders and further details.

Term 1 webinar topics

We will begin our 2022 program by covering two important areas:

- [Helping kids thrive online](#)
- [Cyberbullying and online drama](#).

Each of these webinars will be offered three times during the term.

We hope you can join us for this new program designed to keep young people safe online. [Safer Internet Day](#) on the 8 February 2022 will be a great chance to encourage your community to come together and deepen your understanding of online safety. We suggest you start by putting this date in the diary!

In the meantime, you are welcome to contact us if you need more information or have any questions.

Parent and carer webinars

2022

Join eSafety's expert education and training team for a FREE live webinar.

Cyberbullying and online drama.

This webinar will give parents and carers the tools to support young people to have safe and respectful online relationships. Our team will provide advice about how to deal with online bullying and help to manage harmful online behaviours.

It is designed for parents and carers of young people aged 11 to 18 years old.

Register now: esafety.gov.au/parents/webinars

Parent and carer webinars

2022

Join eSafety's expert education and training team for a FREE live webinar.

Helping kids thrive online.

This webinar will give parents and carers the strategies they need to help their kids identify risks and develop skills to stay safe online.

It is designed for parents and carers of young people aged 5 to 12 years old.

Register now: esafety.gov.au/parents/webinars

2022 schedule

eSafety's free webinars provide parents and carers with the knowledge, skills and tools to support children to have safe, positive online experiences.

Our live webinars for parents and carers attracted record attendance numbers in 2021. To meet the growing demand, our education and training team is expanding the program in 2022 to include more dates and topics to support school communities.

Each month, we will present either a new webinar topic or a video with simple tips to keep young people safe online.
